

April 2018

From the desk of Principal

Dear Readers,
Greetings!

Very few have fully realized the wealth of sympathy, Kindness and generosity hidden in the soul of a child. The effort of every educator should be to unlock that treasure and SRCS is an excellent example where everyone strives indefatigably for this.

We live today in a world that is so different from the one we were educated in. With the changing times we as educators need to pause and reflect on the current Education system. At SRCS before the beginning of the year we introspect ourselves whether we are well equipped to prepare our children to face the challenges that the future holds? Such question is the factor that motivates us to go through continuous process of reflection and thus we at SRCS are able to implement a well-balanced curriculum to ensure that the children get the best and they love their school and truly be prepared to face the challenges of Life. Margaret Mead said “Children must be taught how to think not what to think”.

Luminaries of SRCS

SRCians brought laurels to school by performing exceptionally well in the renowned KVPY (Kishore Vaigyanik Protsahn Yojna) Exam. Devansh Sehta got AIR 23 and Gaurav Manwani got AIR 34.

Heartiest congratulations from Team SRCS.

GLOBAL COLLABORATION

A Danish delegation comprising of 10 students and 1 faculty member visited SRCS to understand the Indian culture and Education system. The students were teacher trainees from Denmark.

The Delegation members were welcomed in the traditional Indian way and were delighted to see the infrastructure of SRCS. They greeted SRCians in the Indian style. *Namaste*.

These delegates visited the classrooms, attended Science, Maths, English and Social Science classes and also interacted with the students.

They were mesmerized by education features, innovative teaching methods and an informal learning environment of SRCS, Indore. They were highly impressed by seeing a close collaboration between students and teachers which helps students to gain creativity, self expression, analytical and critical thinking.

They showed keen interest in learning the different styles of dance, the various arts and craft works and also participated in the various sports. They had shown great interest in knowing the history and the various Indian cultures from our educators.

It was a good learning experience for them.

Empowering Teachers is the key to Empower Education

One of our greatest assets in the society is teacher. Teachers play such an enormous role in the lives of students. They have the ability to inspire, empower, and foster environments of 7Cs confidence, compassion, creativity, commitment, curiosity, critical thinking and collaboration.

SRCS under the guidance of Mr. S. N. Patwardhan and the Vice-Principal Mr. Girish Belkar organized an eventful and enriching orientation program for the teachers on 10 March, 2018 to enable the teachers hone the teaching skills in order to create a gratifying teaching-learning experience and to get geared up for the academic session 2018-19. Mr. Patwardhan had also shared innovative ideas

and simple methods to make the teaching more effective. The session especially focused on the self assessment and methods to enhance the subject knowledge.

SRCS fortunately has a committed and supportive management, dedicated teachers, caring and co-operative parents, which blends harmoniously to create a child- centric school. A School where you will find children are given opportunities to explore things and learn in a play way manner. The children enjoy ruminating activities, and learn on their own. The classrooms are alive and love and care is given utmost importance.

Family Role Play KG 2

Family is the single most important influence in a child's life. From their first moments of life, child depends on parents and family to protect and love them unconditionally. Parents and family form a child's first relationships. KG 2 children performed a role showcasing these values!

Splash Pool Party

To beat the heat and to have fun, a 'splash pool party' was arranged for Our Kiddos in Senior wing. Both Kalani nagar and Basant Vihar kids had a gala time. The Tiny-tots were dressed in colorful swimming costumes for pool party. They tapped their feet to famous rain songs, got tattooed and did some fun art activities.

Red Colour Game

Red is the game, Red is the name!

Children usually learn about color during their preschool years. The ability to identify colors is considered as a milestone in a child's cognitive process and is often a part of development and educational admittance. Early identification of colors helps to create the cognitive link between visual clues and words. This is what SRCS believes in delivering to each child in a fun way learning method. Happy learning children!

Paper Tearing and Crumbling Activity

Fun with paper @ SRCS!

The act of tearing and crumbling encourages useful finger and co-ordination skills. Small movements like the pincer movement (where the child lift up things with his/her index finger and thumb) are the important parts of child's development to awaken and develop their brain. At SRCS we unleash these skills and nurture them to bloom like a flower.

Sand Tracing

It is one of the oldest and trusted methods for pre-writing skills. Its purpose is to help a child learn how to trace letters and numbers on his own, while allowing for the same tactile and sensorial experience as the sandpaper letters and numerals. Nursery kids at SRCS explored in sand in a fun learning way by tracing!

Family Tree Activity

Under the theme 'Family', children of Nursery and KG I made beautiful family trees pasting photos of family members. Wonderful reflection by kids.

A Healthy Mind resides in A Healthy Body

Nurturing Sports Techniques

Over all development of a child also includes physical development which can be fulfilled by playing sports as it enhances sportsmanship. Physical education and sports teach important conflict resolution skills, including team work, fair play and communication, leading to reduce violent behaviour among the children. So, SRCS has introduced the concept of 4 sports days in a week for its students in its new academic session 2018-19

as it is believed that a child who participates in physical education and sports develops a positive attitude towards everyday life.

SRCians enjoy various Sports Activities like Badminton, Basket Ball, Football, Tennis, Squash, Table Tennis, Swimming, Martial Arts and Skating as they are getting the opportunity to master their skills through these activities which are especially designed for them.

Inter House Power Point Presentation Competition

To give colours and shape to the thoughts of the students-Inter House Power Point Presentation Competition was organized for the students of Level-III (IX-XII). Participants used their creativity, knowledge and imagination to make their power point presentation on the topic – "The story of my city" and "Respect your Elders".

They not only acquainted the audience with their presentation about the special features of their city but also sensitized their fellow friends for elderly people to respect them.

Inter House Best out of Waste Competition

In order to make children aware of the uses of the waste material and to give them a lesson on reducing waste to save our future, 'Picture Smart with waste' and 'Best out of Waste' competitions were organized for the students of level I & II respectively.

Exceptional ideas were executed by the students. Right from waste plastic bottles, spoons to broken bangles, rags, old CDs, newspapers etc. were all transformed into intricate artefacts. The aim of conducting such activities was to teach the students that how they can use old and waste materials to

create beautiful and some amazing crafts.

Inter House Chess Competition

"Mind war between the players in the game of chess..."

The Inter house Chess Competition was held on 3rd April, 2018 which was organized in three groups. The participants showed great enthusiasm and were focused about the game while playing. The winners made their houses proud and were also enabled to grab some house points. The main motive of this event was to enhance the power of focus and remembrance among the students.

GOOD MORNING

I know that you will have a good day
With my bright cheer today
So go ahead with a smile
And go out there a while
As it's such a blessed day
Good Morning my love today
Have ahead a nice day.

A GIRL

Don't kill me, let me live, let me bloom,
Let me shine like a beautiful moon.
Let me see this beautiful earth,
Let me fly like a beautiful bird.
Don't be so cruel and selfish,

Listen to my cry, listen to my scream.
Let me fulfill my wishes and my dream.
Let me come and see this world.
Please don't kill me before my birth.

SUPER HOT COOL SUMMER

School is out and summer camps start
And other people feel younger at hard
And even at night it's warm and lazy
If you don't like summer you must be crazy

Swim in the pool, eat some ice-cream
Stare at the clouds, get lost in a dream
Spin in circles until your brain is lazy
If you don't like summer you must be crazy

Go to the beach and build a castle
Or you and your friend in the sand can rustle
Lay on the green grass, make a chain with daisy
If you don't like summer you must be crazy

ALMIGHTY GOD

All things bright and beautiful
All creatures big or small
All things wish and wonderful
The lord God made them all
The cold wind in the winter
The pleasant summer sun
The ripe fruit in the garden
He made them for everyone
He gave us eyes to see them
And lips that we might tell
How great is God almighty
Who has made all things well.

THE EARTH SONG

The earth is my home,
I promise to keep it clean and beautiful.
I will love the land, the air, the water and all living
creatures.
I will be a defender of my planet,
United with friends, I will save the earth.
United with friends, I promise to keep it.
I love the land; I will be a defender,
I will save the earth

IMPORTANCE OF TIME

Take TIME to work,
It is the price of success.
Take TIME to think,
It is source of power.
Take TIME to play,
It is the secret of youth.
Take TIME to read,
It is foundation of wisdom.
Take TIME to laugh,
It is the music of soul.
Take TIME to be friendly,
It is the path of happiness.
And before anything, take TIME to play,
It is the way to heaven.

SECRETS OF SUCCESS

कोशिश कर हल निकलेगा

कोशिश कर हल निकलेगा,
आज नहीं तो कल निकलेगा ।
अर्जुन के तीर-सा सध,
मरुस्थल से भी पानी निकलेगा ।
मेहनत कर पौधों को पानी दे,
बंजर ज़मीन से भी फल निकलेगा ।
ताकत जुटा हिम्मत को आग दे,
फ़ौलाद का भी बल निकलेगा ।
ज़िंदा रख दिल में उम्मीदों को,
गरल के समंदर से भी गंगाजल निकलेगा ।
कोशिशें जारी रख कुछ कर गुज़रने की,
जो आज है थमा-थमा सा चल निकलेगा ।

मंज़िल से मेरी बातचीत

मेरी तलाश तब पूरी हो गई,
जब मैं घर से चला तो सामने मंज़िल खड़ी हो गई ।
मैंने पूछा कि आज इस रास्ते कैसे भटक गई,
क्या हुआ जो यहाँ आकार ठहर गई ?
उसने भी बड़ी खूबसूरती से कहा -
मैं मुकाम हूँ, पड़ाव हूँ, भटकती नहीं,
चाहत हूँ, राहत हूँ, यहीं कहीं रुकती नहीं ।
तेरी किस्मत रही होगी अच्छी,
जो मैं तुझे यहीं मिल गई,
वरना अरसा बीत जाता है प्रयास करते-करते
पर मैं कहीं ठहरती नहीं ।

मैं ढूँढती हूँ जिसे वो जहाँ नहीं मिलता

“मैं ढूँढती हूँ जिसे वो जहाँ नहीं मिलता”
नई ज़मीं नया आसमाँ नहीं मिलता।
कब से अकेले भटक रही हूँ राह में
मंज़िल तक पहुँचने का निशां नहीं मिलता।
राह तो साथ चले थे बहुत से
राह कब बदल गई वो निशां नहीं मिलता।
वो मेरे साथी, वो मेरे अपने लोग,
कब जुदा हो गए, कुछ पता नहीं मिलता।
खड़ी हूँ अकेले कब से घने जंगल में
अवसादों से निकलने का किनारा नहीं मिलता।
हर एक को ज़िंदगी में सब कुछ नहीं मिलता
ऐ खुदा ढूँढती हूँ तुझे, तेरा पता नहीं मिलता॥

भारत देश

बोलो वह देश कौन-सा ?
किसके पाँव पखारे सागर, दर्पण किसे दिखाए अंबर ।
किसके उत्तर में ऊँचा-सा, चाँदी जड़ा नगेश है ।
वह तो भारत देश है ।
ममता भरी जिसकी माटी में, फूल भरे जिसकी घाटी में ।
मान गई है सारी दुनिया, कोई बात विशेष है ।
वह तो भारत देश है ।
जिसने सबको पथ दिखलाया, जो भी आया उसे गले लगाया ।
शांति-सभ्यता का जो प्रहरी, विश्व गुरु के वेश में
वह तो भारत देश है ।
अलग-अलग है जिसकी भाषा, किंतु एक सबकी अभिलाषा ।
अलग-अलग है जिसकी बोली, किंतु एक संदेश है ।
वह तो भारत देश है ।

माँ तेरा मोल लगा बैठा हूँ

माँ वैसे तो तू अनमोल है,
न जाने क्यों तेरा मोल लगा बैठा हूँ।
हर वक्त तू मुझे बचाती है,
पर न जाने क्यों तुझसे ही दुश्मनी कर बैठा हूँ।
हर रात तू मेरे लिए जागी,
न जाने ये अहसान मैं कैसे चुका पाऊँगा।
पर फिर तुझसे ही रूठ जाता हूँ,
न जाने कब अपनी ये भूल सुधार पाऊँगा।
अब तेरी याद में हर वक्त अपने को रुलाता हूँ,
न जाने क्यों माँ तेरा मोल लगा बैठा हूँ।
हर वक्त सही राय देकर तू मुझे बचाती है।
पर न जाने क्यों इस राय को मैं ताना समझ बैठा हूँ।
हर पल साया देती है
पर उसे मुसीबत समझ बैठा हूँ,
न जाने क्यों माँ तेरा मोल लगा बैठा हूँ।
जब-जब तू रूठती है तो मन तुझे मनाने को करता है,
पर तेरे सामने आते ही, ये दिल उत्सुक होता है ।
कहना चाहता हूँ मैं कि हर पल तेरे लिए ही सोचता हूँ,
पर न जाने क्यों तुझसे ही दूर हो जाता हूँ।
माफ़ करना माँ गलती से तेरा ही मोल लगा बैठा हूँ ।

अनुशासन

अनुशासन वह शासन है,
जो जीवन को शासित करता है,
जिसके जीवन में नहीं है ये,
वह इसकी कीमत भरता है ।
अनुशासित जीवन सम गंगाजल,
जहाँ रहे वहाँ समृद्ध करे,
अनुशासनहीन सम दावानल,
जहाँ रहे वहाँ सब नष्ट करे ।
सुंदर प्रकृति भी हमें सदा,
अनुशासन का महत्त्व बताती है,
ये सूर्य, चंद्र, फसलें, मौसम,
इनका उदाहरण दिखाती है ।
इतिहास गवाह इस बात का है,
अनुशासन से मिली सफलता है,
अनुशासित नेताओं और लोगों ने,
दिलवाई देश को स्वतंत्रता है ।
अनुशासन बिन सभ्य जीवन की,
कल्पना करना भी निरर्थक है,
इसलिए अनुशासन के पालन से,
करना इस जीवन को सार्थक है ।
संकल्प करो इस बात का तुम,
अनुशासन को पालोगे तुम,
अपने जीवन को सफल बनाओगे,
भारत के यश को बढ़ाओगे ।

चिड़िया की परेशान'

एक चिड़िया थी, जो बहुत सुंदर थी और दिनभर चहचहाते हुए इधर-उधर फुदकती रहती थी। उस चिड़िया की एक आदत थी कि पूरे दिन में उसके साथ जितनी भी बुरी घटनाएँ होतीं वह उतने पत्थर अपनी झोली में रख लेती थी और फुरसत के क्षणों में उन इकट्ठे किए गए पत्थरों को देखकर दुखी होती। प्रतिदिन पत्थर एकत्र करने की आदत के कारण उसकी झोली भारी होती जा रही थी और कुछ समय पश्चात उसे अपनी झोली के साथ उड़ने में परेशानी होने लगी। धीरे-धीरे उसका चलना भी मुश्किल हो गया और एक दिन ऐसा आया कि नहीं उड़ पाने के कारण वह अपने खाने-पीने का इंतज़ाम भी नहीं कर पाई और अपने द्वारा एकत्र किए गए पत्थरों के बोझ तले दबकर मर गई। शिक्षा- हमें अतीत में घटित बुरी घटनाओं को याद रखने की कोशिश नहीं चाहिए बल्कि उन्हें बुरे स्वप्न की तरह भुला देना चाहिए और जीवन के प्रत्येक पल का आनंद लेते हुए आगे बढ़ना चाहिए।

जीवन की वास्तविक पूँजी अपनों की खुशी

एक गाँव में एक धनवान साहूकार रहता था। उसके पास सब कुछ था तब भी वह सदैव उनमें वृद्धि करने के विषय में ही सोचता रहता और अपने नौकरों को भी यही समझाता रहता। एक दिन जब वह खेत में खड़ा होकर अपने नौकर कुछ समझा रहा था तभी उसकी नज़र उसके घर के पास में रहने वाले गरीब किसान पर पड़ी। उसने देखा कि किसान थोड़ी देर के लिए काम पर गया और फिर अपने परिवार के साथ समय बिताया। वह बहुत खुश नज़र आ रहा था। यह सब देखकर साहूकार ने अपने नौकर से किसान के इतने अभाव में भी खुश रहने का कारण पूछा। नौकर ने कहा, “इस बात को समझाने के लिए मुझे 99 सोने के सिक्के चाहिए।” साहूकार ने उसे 99 सोने के सिक्के दे दिए और उस नौकर ने उन सिक्कों की थैली को गरीब किसान के घर के बाहर रख दिया।

अगली सुबह जब किसान उठकर बाहर निकलता है तब उसे वह थैली मिलती है। वह थैली को घर के अंदर लाकर सिक्के गिनता है तो वे 99 निकलते हैं। वह सिक्कों को बार-बार गिनता है पर हर बार सिक्के 99 ही रहते हैं। वह सोचता है कि किस प्रकार इन सिक्कों की संख्या को 100 किया जाए। वह साहूकार के पास काम माँगने जाता है। उसके बेटे और पत्नी के कुछ भी माँगने पर वह उन्हें मना कर देता। अब उसके पास अपने परिवार के लिए बिल्कुल भी समय नहीं था। एक दिन जब क्रोध में आकर किसान अपने बेटे को मारने के लिए हाथ उठाता है तब साहूकार उसे रोक लेता है और क्षमा याचना करते हुए सारी बात बताता है। किसान को अपनी भूल पर पछतावा होता है। उसे समझ आ जाता है कि जीवन की वास्तविक खुशी धन-दौलत व संपत्ति में नहीं है बल्कि अपने परिवार व रिश्तेदारों के साथ प्रेम से मिल-जुलकर साथ रहने में है।
