FROM THE PRINCIPAL'S DESK

Dear Parent

Greetings from
Shri Ram Centennial School, Indore

**“Education is the manifestation of the perfection
that we already have within ourselves”**

Swami Vivekananda

At Shri Ram Centennial School, Indore, we believe that education is not merely the accumulation of knowledge—but the application of that knowledge to serve, heal, and build. Education, for us, is a lifelong journey that blossoms when nurtured with purpose, values, and empathy. It shapes not only minds but hearts—fostering a world of harmony, compassion, and sustainable progress.

We view education as a powerful force—opening doors to opportunity and building character. Our goal is not only to help children succeed, but to help them become kind, tolerant, and compassionate human beings. As Plutarch said, “The mind is not a vessel to be filled, but a fire to be kindled.” Every child holds within them a universe waiting to be discovered, and at SRCS, it is our mission to ignite that spark through joy, curiosity, and care.

Since our inception, SRCS has strived to redefine the boundaries of learning. We are committed to nurturing confident, thoughtful, and original individuals who are prepared to lead the future with courage and wisdom. Our vision—“Learning for Tomorrow”—reflects our commitment to preparing students for a dynamic world, rooted in strong values. Inspired by the 7 C's—Creativity, Critical Thinking, Collaboration, Curiosity, Competence, Compassion, and Confidence—we foster character, global awareness, and purpose-driven learning.

These core values guide our approach to cultivating global citizens who lead with integrity and character.

At SRCS, we believe that to teach is to touch a life forever. Our holistic model blends academics with co-curricular activities, sports, and life skills—ensuring that every child grows in a nurturing, vibrant environment. Our campus is a reflection of this philosophy, offering world-class infrastructure and a curriculum designed to empower learners on global platforms. It is aligned with NEP 2020, and the recommendations in NCF 2023.

From value education and environmental awareness to health, arts, culture, and personality development—every element of our curriculum is intentionally crafted to shape well-rounded individuals. We aim to nurture peace-loving, problem-solving learners who carry forward a legacy of thoughtful leadership and compassionate action.

As Principal, it is my heartfelt pleasure to welcome you to the SRCS family. We are honored to walk hand-in-hand with you in this beautiful journey of growth, discovery, and shared dreams. Welcome to the SRCS family—where education inspires, empowers, and transforms.

RIGHT FOUNDATION

WITH OUR PRE-PRIMARY SECTION

Well before a child enters into the realm of formal education, a foundation is laid down at the preschool. The fun filled environment sensitizes children to socialize, share and collaborate with others. Selecting the right preschool for the children is of greatest importance and four aspects that must be taken into account which Shri Ram Centennial School religiously follows are:

ENVIRONMENT FOR COMPLETE ALL-ROUND DEVELOPMENT

Young children use their senses to explore, investigate and describe their environment and community. They begin to recognize similarities and differences in living things, objects and materials. At Shri Ram Centennial School, we have meticulously assembled the facilities that help to nurture your child's all-round development. In this caring, conducive environment your child will happily respond to stimuli and develop in a free and unrestrained manner.

CARE AND LOVE TO EVERY CHILD

Years spent at Preschool are a significant period in human development. Curiosity is indeed the most distinctive attribute that a child displays. It is in the very process of discovering that a child questions, understands and learns. Everything young children learn at this stage will have an impact on their outlook and success as they move forward in formal schooling and thereafter. It also plays an important role in their personal development and their future participation in society. Shri Ram Centennial School provides supportive environment conducive for your child's development.

KNOWLEDGE TO SHAPE CITIZENS OF TOMORROW

It's recognised and valued that children bring their own perspectives, cultures and experiences to the classroom. At Shri Ram Centennial School, we are very sensitive to the nurturing of your child during the formative years when human character takes shape. Children explore who they are in relation to the others in the world and who they are as unique Individuals. They are encouraged to express interest, respect, sensitivity and responsibility while interacting with others. This is the reason why imparting knowledge is balanced with inculcating the right values in every child. It is our constant endeavour that every child in our care is endowed with noble qualities & character, that make him or her over time a responsible and responsive member of the community.

STIMULATION OF CHILD'S IMAGINATION

At Shri Ram Centennial School, we believe in education that exceeds beyond the walls of the classroom. Children are provided with opportunities to explore and express their ideas and feelings through visual art, music, drama, dance and sports, as they interact with a variety of materials and participate in individual and group activities. In this process, your child is not only kept active but involved, which is sure to aid his/her faster development.
